About The Book

Steve Bailey and Victor Wooten have put together this incredible bass showcase. These recordings emphasize the tremendous, often unrealized, potential of the bass as both a lead and accompanying instrument. On the recording, Steve and Victor demonstrate how the bass can supply bass lines, piano and guitar type comping figures, lead solos and percussion, in styles ranging from Bebop to New Age to Heavy Metal - all without overdubs. Each piece highlights different aspects of their amazing techniques; like Steve's three finger technique and his awe inspiring command of harmonics and chord voicings; or Victor's incredible funk grooves, thumb and two handed tapping techniques. Because of their incredible ability to simultaneously play bass lines and chords it often sounds as if each part is actually played by two bass players. At the end of the song section of the recording, Steve and Victor walk you note-for-note through the licks and techniques that make up each tune, explaining and demonstrating everything at slow speeds. Victor is panned a little to the right and Steve a little to the left.

The book explains all of the techniques and licks used in each song. Both bass parts are fully transcribed in notation and tablature.

A Chick From Corea

In this first piece, Victor is playing the tenor bass (A-D-G-C tuning) and Steve is playing a fretless 6 string (B-E-A-D-G-C tuning). While Victor takes the melody in the A section, Steve uses his thumb, index, ring and middle fingers to create a chordal accompaniment (see Example 1).

Even if you play a four-string bass you can still use this technique. Try the voicings in Example 2A. After you have them under control, try moving the entire ii-V-I cadence by whole-steps: Dm⁷-G⁷-C, C⁷-F⁷-B^b, B^bm⁷-E^b⁷-A^b, etc. When you can do this smoothly, try adding the artificial harmonics found in Example 3A. Playing the chord in harmonics will make the chord voicings stand out more clearly.

Victor's single line playing really shines on this tune. Try the "chicken pickin'" in Example 4 and the melody in Example 5. Start slowly and gradually increase the tempo, using a drum machine or metronome for reference. Since this is all played on a tenor bass, you might try taking this down an octave or even restringing a spare bass in tenor tuning. You can even take a spare 5-string and tune it E-A-D-G-C a la Steve Swallow!

Example 1

In this song, Steve takes a supportive role playing chords and bass lines. The bass line to the A section is:

N.C. B^bm⁷ E^b⁷ A^b A.H.

Example 2

Here, Steve demonstrates both styles of music – *Country & Western* – with a very guitaristic “boom chick” part. The root and 5th are played on the two low strings and the 7th and 3rd of the chord are played on the 3rd and 4th strings.

Example 2A shows how the same type of pattern can be applied to a 4-string bass.

Example 2A

Example 3

Harmonics can be added by touching the string one octave (12 frets) above the fretted note with the index finger and plucking the string with the ring finger, all while playing the alternating bass line.

Note: A detailed description of artificial harmonic technique is found in Steve's *Advanced Rock Bass*, available from CPP/Belwin.

First system of musical notation. The staff is in bass clef with a key signature of two flats (B-flat and E-flat) and a 7/8 time signature. The melody consists of eighth and sixteenth notes, with some beamed sixteenth notes. The fretboard diagram below the staff shows fingerings for the left hand (A) and right hand (B). The left hand uses fingers 1-4, and the right hand uses fingers 1-3. The fret numbers are: 15, 14, 13, 12, 15, 14, 13, 12, 12, 14, 15, 14, 13, 14, 13, 12, 13, 12, 11, 11, 11, 12, 12, 12.

Second system of musical notation. The staff is in bass clef with a key signature of two flats (B-flat and E-flat) and a 7/8 time signature. The melody consists of eighth and sixteenth notes, with some beamed sixteenth notes. The fretboard diagram below the staff shows fingerings for the left hand (A) and right hand (B). The left hand uses fingers 1-4, and the right hand uses fingers 1-3. The fret numbers are: 22, 22, 20, 22, 19, 22, 20, 19, 22, 22, 20, 20, 18, 22, 20, 18, 22, 20, 20.

Third system of musical notation. The staff is in bass clef with a key signature of two flats (B-flat and E-flat) and a 7/8 time signature. The melody consists of eighth and sixteenth notes, with some beamed sixteenth notes. The fretboard diagram below the staff shows fingerings for the left hand (A) and right hand (B). The left hand uses fingers 1-4, and the right hand uses fingers 1-3. The fret numbers are: 24, 22, 20, 24, 22, 20, 18, 21, 20, 19, 17, 20, 10, 19, 17.

- Victor produces widely spread voicings by using a two-handed tapping technique (Example 7). You can get your bearings on this technique by taking something as simple as a C scale and playing it with two hands (Example 7A). Just remember to anchor the right hand thumb on the top of the neck when you're tapping. This gives you more power and a better articulation.

In this song the melody is played in “double octaves.” For example: D is played in octaves with the lower note on the E string and the upper note on the C string; then Steve uses his right hand index and ring fingers to play the harmonic 12 frets above the upper D.

Example 7

Victor uses a two-hand tapping technique to achieve the same two octave spread as in Example 1. He taps the lower D on the A string (5th fret) with his left hand and with his right hand he taps the high D on the G string (19 fret). Victor adds vibrato to the long tones to give them a more vocal quality.

Musical score for "The Rose Tree" in G major, 2/4 time. The score is written for a guitar, with a treble clef and a key signature of one sharp (F#). The tempo is marked "Moderato". The score includes a guitar introduction, a first ending, and a second ending. The guitar introduction is marked "Guitar Intro" and "Moderato". The first ending is marked "1st Ending" and "Moderato". The second ending is marked "2nd Ending" and "Moderato". The score includes a guitar solo section marked "Guitar Solo" and "Moderato". The score includes a guitar solo section marked "Guitar Solo" and "Moderato". The score includes a guitar solo section marked "Guitar Solo" and "Moderato".

The two-handed technique that Victor is using utilizes both hands, each tapping the same notes, octaves apart. Try this with the following C scale. (Example 7A). Note that the right and left hand fingerings are identical.

Example 7A

The musical score for 'The Rose Tree' is presented in two systems. The first system shows the right-hand (R.H.) and left-hand (L.H.) parts. The R.H. part is in treble clef with a 4/4 time signature. The L.H. part is in bass clef. The R.H. part features a melody with notes on the staff, and the L.H. part provides a harmonic accompaniment. The second system shows the continuation of the melody and accompaniment, with the R.H. part continuing the melody and the L.H. part providing the accompaniment. The score is written in a simple, clear style, suitable for a children's songbook.

To help get a better right-hand attack, anchor the right-hand thumb on the top of the neck. This next exercise is played right-hand only.

Example 7B

The musical score for "The Rose Tree" is presented in two systems. The first system consists of a bass staff and a guitar staff. The bass staff is in 4/4 time, with a key signature of one flat (B-flat). The melody is written in a simple, folk-like style. The guitar staff is in standard tuning (E-A-D-G-B-E) and features a series of fret numbers (15, 14, 13, 12) indicating a specific fingering or position. The second system continues the melody and guitar accompaniment. The guitar staff includes a capo symbol at the beginning, indicating that the instrument should be played with a capo on the first fret. The overall style is that of a traditional folk song.

Stan the Man

Victor is back on tenor bass as he and Steve pay tribute to legendary bassist Stanley Clarke. The melody is supported by a strong modally-based chord progression. This is a Clarke trademark, as are the open string chords Steve solos over.

Example 8 shows how Steve uses artificial harmonics in conjunction with fretted notes to outline the chords (E/G[#], A, E/B, & C[#]m). Check out the recording to hear him do this, while really locking in and grooving with Greg Gissonette.

Steve demonstrates his three finger technique for high speed runs in Example 9. You could call it "3 x 3" because he plays 3 notes per string with 3 right-hand fingers (i m a). He explains both of these concepts in full in his book: *Rock Bass*.

Victor uses a radically different approach for his high speed work. Using his thumb like a guitar pick he "double thumbs" using down and up strokes of the thumb, and then adds an index finger "pop" to play incredibly fast triplets (see Example 10A). After you've got the basic technique down, try 3 notes (10B) and then 3 notes per string (10C).

Example 8

Here, Steve combines a bass line with chords voiced above. Steve plays the chord tones arpeggio style, in harmonics.

The musical notation for Example 8 is presented in two staves. The top staff is a bass line in 4/4 time, featuring a sequence of eighth notes: G[#]2, A2, B2, C3, D3, E3, F3, G3, A3, B3, C4, D4, E4, F4, G4, A4, B4, C5, D5, E5, F5, G5, A5, B5, C6, D6, E6, F6, G6, Example 10C (six notes):

Example 11

- In order to further emulate the Stanley Clarke sound, Victor uses a tenor bass (tuned: A-D-G-C) with a lot of high end and a very sharp attack.

On this song, Victor uses mainly the E major pentatonic scale (shown here fingered for a standard four-string bass):

You can hear from the example on the recording, that the scale works well for all of the chords.

Victor's Jam

Victor's Jam showcases Victor's jaw-dropping slap technique. If you've been fortunate enough to see him live or on video, you've probably noticed how little movement he requires to create a flurry of notes. This is due to his use of both hands together. You can get your feet wet with the "open hammer pluck" technique shown in Example 12. Then, add more notes by using index and middle finger pops. This is done in one rolling motion with the right hand and creates a "flam," like a drummer plays (Example 13). After you get this down try Example 14 and then the entire solo. Just remember to start slowly, use a metronome to stay steady, and be very patient.

Example 12: The Open Hammer Pluck

Example 13

Most bass players will use a down stroke of the thumb, followed by an upward pluck with the index finger. If you combine the thumb with an upward pluck of both the index and middle finger you can get a very fast triplet, which, when muted, gives an effect similar to a drummer's flam.

You can also apply notes to this technique and produce fast scale and arpeggio techniques. It's easier than it sounds, so experiment with the technique and have some fun; just make sure you groove with the drummer!

Example 14

Here is an example of the main bass riff upon which this tune is built. Note the use of the open string "hammer pluck" technique.

Thumb Start My Harley

This tune continues to showcase Victor's funk prowess. Example 15 shows a more advanced "open hammer pluck" pattern that relies on rapid string crossing for its impact. It really sounds a lot harder than it is, so give it shot. When you can play the sextuplets smoothly try the basic groove pattern found in Example 15A.

Steve gets to really cut loose on the opening cadenza! He's using a combination of delay, distortion, compression and reverb to create his sound. The fretless really becomes one huge whammy bar. In this case, the sound really helps to give the notes more impact. So break out your effects and go to town.

Example 15

Here is yet another example of Victor's spectacular triplet technique. As you can see, once you have a command of these basic techniques, they can be applied in many different ways to many styles and playing situations.

This example utilizes the "open hammer pluck" technique (see Example 12). Here, Victor begins by playing an open A, followed by a "hammer" at the octave on that string (A, 12th fret). Then "pluck" the open G with the right hand index finger; this produces the first triplet. The second half of this lick uses the same techniques. Play the open D, then "hammer" the E at the 14th fret on the same string. Now "pluck" a high B on the G string (16th fret). Now slide the lick down a whole step (use the same open strings).

Example 15A

Example 16

In this song, Steve essentially plays a "lead guitar" part, using a Korg A1 for distortion. Using the stereo outs on the unit, he then blended his dry (no effect) and wet sounds (with effects) in the mix. Along with distortion, Steve is also using an aural exciter (to add presence), compression and delay.

Emerald Forest

Emerald Forest showcases Victor's two-handed accompaniment and Steve's fluid fretless work. By playing two notes with each hand, Victor creates a rolling bed of 6th chords for Steve to solo over (Example 19). Using the ii-V-I cadence from Example 2, you can create the same kind of rolling effect (Example 19A). Like the previous pattern, try moving it around in whole steps.

Steve uses a different approach to this same effect in Example 20. He creates a rolling arpeggio with artificial harmonics and moves to the upper node 17 frets above the fretted note. This produces a note one octave and a fifth above the fundamental and adds upper extensions to the chord voicings (see *Advanced Rock Bass*).

Example 19

On this song, Victor lays down a two-handed tapping ostinato bass part providing a pad, over which Steve can play the melody and improvise. The first half of the ostinato pattern is derived from an E major pentatonic scale beginning on low E on the E string. The pattern then repeats, up a fourth from A on the A string. In the following examples the notes played by the left hand are stems down and the notes played by the right hand are stems up.

Example 19 is a musical notation for a two-handed tapping ostinato in E major pentatonic scale. The notation is written on a single staff with a treble clef. The key signature is one sharp (F#) and the time signature is 4/4. The pattern consists of two measures of four notes each, with stems down for the left hand and stems up for the right hand. The notes are E, G, A, and B. The first measure is labeled 'E 9' and the second measure is labeled 'A 9'. The fret numbers for the left hand are 12, 14, 16, 18, 16, 16, 18, 16, 12, 14, 16, 16, 18, 16, 16. The fret numbers for the right hand are 12, 14, 16, 18, 16, 16, 18, 16, 12, 14, 16, 16, 18, 16, 16.

Example 19A: (not on recording)

A ii-V-I cadence using two-handed tapping technique.

Example 19A is a musical notation for a ii-V-I cadence using two-handed tapping technique. The notation is written on a single staff with a treble clef. The key signature is one sharp (F#) and the time signature is 4/4. The pattern consists of two measures of four notes each, with stems down for the left hand and stems up for the right hand. The notes are Dm7, G7, Cmaj7, and 8va. The fret numbers for the left hand are 10, 12, 15, 17, 10, 12, 15, 16, 0, 10, 14, 16, 15, 17, 21, 21. The fret numbers for the right hand are 10, 12, 15, 17, 10, 12, 15, 16, 0, 10, 14, 16, 15, 17, 21, 21.

Example 20

Here, Steve sounds like two people playing at once. He plays a bass line while simultaneously playing an arpeggio-style accompaniment part in harmonics.

Top voice: A.H., 15ma (throughout)
Bottom voice: 8va (throughout)

The musical score for Example 20 is presented in four systems, each with a bass staff and a corresponding harmonic staff. The top voice is A.H., 15ma (throughout), and the bottom voice is 8va (throughout).

System 1: Chord Gmaj7. The bass staff shows a sequence of notes. The harmonic staff shows the following intervals: 16(28), 16(26), 16(28), 16(35), 16(28), 16(35), 16(28), 16(28), 16(28), 16(28), 16(28).

System 2: Chords F#m7 and Fmaj7. The bass staff shows a sequence of notes. The harmonic staff shows the following intervals: 14(26), 14(33), 14(26), 14(26), 14(26), 14(26), 14(33), 14(26), 14(26), 14(26), 14(26).

System 3: Chords Am7/C, A7/C#, and Dmaj7. The bass staff shows a sequence of notes. The harmonic staff shows the following intervals: 14(26), 14(26), 14(26), 14(26), 14(26), 16(28), 18(36), 16(28), 18(37), 18(36), 16(28).

System 4: Chords C#m7 and Cmaj7. The bass staff shows a sequence of notes. The harmonic staff shows the following intervals: 16(28), 16(28), 16(28), 16(35), 16(28), 16(28), 16(28), 16(28), 14(26), 14(26), 14(26).

Moonridge

This is Steve's solo piece. In it, he relies on an open D drone string to serve as a pedal for the moving voices in the chords (Example 21). Note Steve's signature use of artificial harmonics. In Example 22, you can see how these are used to produce an $E_m^{6/9}$ chord by moving to the 17th fret node. Example 23 shows the harmonic available on the open E string. Steve explores the whole concept of harmonics in *Advanced Rock Bass*.

Example 21

This solo piece by Steve is a great right hand study. The melody is played on the G and C strings while the open D pedal tone is played "In the cracks."

8va (top voice only)

The musical notation for Example 21 consists of two systems. The first system shows a bass line with a drone pedal point on the open D string (0) and a melody line with artificial harmonics (A.H.) on the G and C strings. The second system continues the melody with a triplet and a C7 chord. The notation includes fret numbers and artificial harmonic markings.

Example 22

This piece also serves as an excellent example of harmonic technique. You will notice that Steve ascends through the arpeggio using harmonics at the octave (12 frets higher than the fretted notes), he then descends through the arpeggio, up a fifth, by sliding his right hand further along the neck and playing the harmonics a fifth higher (19 frets above the fretted notes).

Example 22 musical notation. The top staff is in treble clef, key of D major (two sharps), and 3/4 time. It contains a melodic line with notes and rests. Above the staff, there are labels for artificial harmonics: "8va A.H." and "Top voice 8va A.H.". The bottom staff is in bass clef, showing fret positions for the left hand. Fret numbers are written below the staff: 12, 11, 9, 12(24), 11, 9(21), 7(19), 7(26), 7(19), 11(23), 11(30), 11(23), 9(21), 9(21), 9(21), 9(21), 7(19), 0, (0), 7(19). The notation includes various musical symbols such as notes, rests, and accidentals.

Example 23

In this example, Steve demonstrates the "E" harmonic series of artificial harmonics on the G string. Beginning with the 9th fret, he then plays the octave E at the 21st fret, then the 5th (B) at the 28th fret, followed by the next E at the 33rd fret and G# at the 37 fret. Obviously, you don't really have 37 frets on your instrument. Instead you must imagine these fret positions and locate the notes by ear. Once you find the "spot", memorize it's location. You will be surprised by how, with a little practice, you can find these "off the neck" harmonics very quickly; Steve calls this "muscle memory." Experiment, there are many other harmonics available.

Note: Harmonics follow the overtone series, which means that the same harmonics are available for all notes.

Example 23 musical notation. The top staff is in treble clef, showing notes and rests. Above the staff, there is a label "A.H. 15ma". The bottom staff is in bass clef, showing fret positions for the left hand. Fret numbers are written below the staff: 9, 9(21), 9(28), 9(33), 9(37). The notation includes various musical symbols such as notes, rests, and accidentals.

Donna Lee

This is the showpiece of this entire collection. Victor takes every concept that he has used to play funk vocabulary and uses them in the context of linear bebop lines. He uses his "double thumbing" technique (see Example 13) play scalar lines (Example 14) and the head (Example 25). Although this seems mind-boggling, there is a pattern to it. When playing an eighth note scale passage he uses down/up strokes of the thumb. Triplets are played thumb down – thumb up – pop. Finally arpeggios are played: thumb – hammer – index – middle. All of the techniques are demonstrated in Example 25A.

In addition to some incredible soloing, Steve does some great comping on this track (Example 26). Note how he uses artificial harmonics throughout to make the chord voicings more interesting and clear.

Example 24

In order to play *Donna Lee* with the incredible speed and driving feel with which he does, Victor uses a downstroke with the thumb combined with an index finger pluck (see Example 13). To gain command of this technique practice the following C major scale using the indicated right hand fingerings.

Example 25

Here is the first section of *Donna Lee* with complete right hand fingerings.

Here are the three basic techniques that Victor uses when playing the head to *Donna Lee*.

Example 25A

Example 25A shows a musical exercise in 4/4 time. The bass line (bottom staff) features a sequence of eighth notes with triplets and slurs. The guitar line (top staff) shows fret numbers (3, 2, 9, 5, 2, 0, 2, 3, 2, 4, 2, 3, 5, 3, 3, 5, 3, 3, 5, 3, 3, 6, 5, 6, 9, 8, 6) and fingering (i, b, m, i, b, m). The notation includes various symbols like 'Tb', 'S', and 'm' indicating specific techniques or fingerings.

Example 26

While Victor plays the head, Steve comps the chord changes using voicings and comping patterns very similar to what a guitar player would use."

Chord Voicings:

Example 26 shows chord voicings for the following chords: $A^b\text{maj}^7$, F^7 , $A\text{dim}^7$, B^b7 , and $/E$. The notation includes fret numbers (19, 17, 18, 16, 20, 19, 20) and a diagram of the fretboard showing the positions of the notes.

With Harmonics Added:

Example 26 shows chord voicings with harmonics added. The notation includes fret numbers (18, 16, 20, 19, 18, 17) and a diagram of the fretboard showing the positions of the notes. The harmonics are indicated by 'A.H.' and '15ma'.
